

Technical datasheet

ETO2 Ice & Snow Melting Controller

Cod produs / Product code: ETO2

Manufacturer: OJ Electronics

All-in-one smart controller from OJ Electronics for snow and ice melting systems, suitable for both electrical and hydronic (warm water) systems. Optimised power control keeps energy use efficient.

Technical specifications

| | |
|-----------------------------|--|
| CONTROL | On/off electronic control, up to 11 kW |
| ZONES | 2 zones controlled independently, at the same time |
| DETECTION | Temperature and moisture |
| COMPATIBILITY | Electrical or hydronic (warm water) systems |
| PROGRAMMING | Display with navigation knob |
| MOISTURE SENSITIVITY | Adjustable |
| REMOTE CONTROL | Via external on/off signal |
| COMPATIBLE SENSORS | ETOG-55 (ground), ETOR-55 (gutter), ETF-744/99 (air) |
